

### Technical Data of Austec's Multilayer Pex/Al/Pex Pipes

| Nominal Size (mm)                          | 16             | 20 | 25  | 32 |
|--------------------------------------------|----------------|----|-----|----|
| External Diameter (mm)                     | 16             | 20 | 25  | 32 |
| Internal Diameter (mm)                     | 12             | 16 | 20  | 26 |
| Wall Thickness (mm)                        | 2              | 2  | 2.5 | 3  |
| Service Temperatures                       | - 40°C to 80°C |    |     |    |
| Maximum Working Pressure (kPa) (Class 500) | 70             | 70 | 70  | 70 |
| Burst Pressure Min (MPa)                   | 6              | 5  | 4   | 4  |
